nis remarkable carer. Between 7 to a great extent loss of hearing. By the use of Ely's Cresm Balm dropping of mucas has cassed, voice and hearing have greatly improved.—J W. Davidson, Attorney at Law, Monmouth, 111. to New York last night from Brooklyn where he del vered seven speeches in less than four hours, he did not show as much fatigue as did the men who, in reliefs, have been following him around

He left at midnight for his last tour of New York State, being scheduled for comparatively few speeches today when he will wind up his work in that State at Duckirk, a small town on Lake Erie near Buffalo. He proceeds from that point to Detroit. From Detroit he will sweep south to Cincinati, and from the Ohio city ne goes west through Indiana · and Illinois, reaching Chicago Saturday night, where he will deliver four or five speeches before starting on his journey o Lincoln to await the result of the voting next Tuesday, confident that in this struggle between avarice and want, to this terriffic battle between the dollar and the man, his countrymen will choose him for their President.

In his tour yesterday Mr. Bryan skirted a country which, in the main, is more strongly republican than was that torough which he pas 3d in New York last week. Considering the size of the owns he visited the crowds that poured out to hear and cheer him were much than those that greeted him up the State last week.

Mr. Bryan was enthusiastically greeted in Brooklyn last night, where se made eight speeches in the territory extending from the bridge almost to ne Jamaica line. After leaving the Hamilton Fish Park, in Manhattan, he was driven across the bridge in a car riage with Representative William Sulzer and Hon. John Reilly. A subcommittee of the democratic campaign committee of Kings county met the carriage at the Brooklyn entrance to the bridge and escorted it to the Acade my of Music, where Mr. Bryan was to make the principal speech of the eve ning. The streets from the bridge enrance to the ball were lined with people who greeted Mr. Bryan with rousing cheers, and fireworks were se off with profusion. The streets in the vicinity of the hall were jammed with a solid mass of humanity and the police and great difficulty in making a passageway for the carriages. It is esu-mated that 75,000 persons were congregated in and out of the hall,

The doors of the Academy of Music were opened at 5:30 o'clock, and within fifteen minutes the seats and every bit of standing room were occupied. The meeting was under the auspices of the

It was appounced that Mr. Bryan was to reach the ball at 8:30, but he reached there shortly after 8 o'clock. He received a tumultuous welcome and the applause continued for more that en minutes. While the crowd were cheering themselves hoarse, Mrs. Bryan, accompanied by Dr. and Mrs. John H. Giraner, appeared in a box close to the one occupied by Mr. and Mrs. Hugh McLaughlin and their

FAUQUIER DEMOCRATS.

The democracy of The Plains, Fau quier county, were aroused from their lethar y on the 27th instant by most inspiring addresses from two of the favorite sons of Fairfax and Fauquier, Mr. R. Waiton Moore and Mr. Eppa Hunton, ir. A large and enthusiastic assemb age greated them, including a goodly number of ladies. Mr. Moore was most happy in the denunciation of the methods practiced by the republi-can party for breaking up our "free and independant country," usurping the constitution forging the hards of unwilling subjects and making our land one of imperialism. His address was deeply interesting and in-structive, and delivered in his always attractive, per ussive manner. It was greatly enjoyed by all who heard him. Mr. Hunton next addressed the mee: ing with great vigor and telling effect showing up the great combination of money to be the helious crime money to be the helious crime of the present day by the leaders Fertilizers, Fertilizer Materials and the republican party. Making the poor to suffer and the rich to over-load their pockets from the necessities of the poor. Although Mr. Hunton was suffering from a very bad cold, he greatly interested his hearers and show-
